WHO IS VARIST?

A prismatic selector.

— — —
“Known both for his big heart and his tiny hats.”

— THE STORY

Varist is a Brooklyn-based selector known for building slow-burning, story-driven sets that move between house, disco, downtempo, and leftfield electronics. His approach prioritizes flow, pacing, and emotional continuity — treating each set as a cohesive arc rather than a collection of tracks. He creates dance floors that reward attention, where subtle shifts in rhythm and texture carry as much weight as the drops.

Varist debuted his retro funky house flavor in October 2023, beginning a collaboration with Book Club Radio that has grown into 8 sets for Book Club and Tinzo + Jojo events — the recorded versions of which have garnered over 1.4 million views.

Since that auspicious beginning, Varist has played the Wandering Woods, Lightning In A Bottle, and Book Club Radio festivals, delivered a 5-hour funky house set in Zürich, and become a fixture of the Brooklyn underground — working with Elsewhere, Dancescape, PAN!C ROOM, Under The Table NYC, Club Moledro, Newtown Radio, Off The Record, and more.
